- OBKES33BR** MONOKEY® TREKKER OUTBACK EVO Black Line side case **with a contoured shape** in matt black aluminium painted, 33 ltr., right-side

PACK

- OBKE3733A PACK2** Pair of side-cases in natural aluminium. 1 OBKE37AL (left) and 1 OBKES33AR (right)
- OBKE3733B PACK2** Pair of aluminium side-case Black Line, 1 OBKE37BL (left) and 1 OBKES33BR (right)

Contoured case:

Can only be mounted with the side-case holder PLOS__CAM

Reinforced stainless steel rotation

system for the lid. It makes it possible to stop rotation and remove the lid completely.

New lower hooks on the side cases for a better mechanical seal over time. These can be repaired in the event of strong impacts.

Cam-Side coupling/release system with new **anti-vibration points**. Still mounted on the outside, it uses cast aluminium and stainless steel levers.

Hook system that makes it possible to tilt the case without releasing it completely from the frame. The system can be activated/deactivated even when the case is mounted.

Benefits of a contoured case: the positioning keeps loads closer to the central axis. It complies with the applicable regulations regarding maximum motorcycle width.

PLOS__CAM side case holder made for: Suzuki V-Strom 800 - BMW R 1200 GS / R 1250 GS - Honda CRF1100L Africa Twin / Honda CRF1100L Africa Twin Adventure Sports.

Side case holder in development program:

KTM 1290 Super Adventure - Yamaha Tènèrè 700 / Tènèrè 700 World Raid
